

PRACTICE TIPS

- **Practice Regularly, slowly and do it every day.**
- **Plan Your practice session before you begin it.**
- **Tackle short sections at a time.**
- **Work at the bits you can't play, not the bits you can.**
- **Later, practice your pieces right through and keep going even if you make mistake.**
- **Concentrate and ignore any distractions.**
- **Try to include warm – ups, scales, arpeggios and sight – reading each time you practice.**
- **Practice performing your pieces to family and friends – they'll be impressed.**
- **Enjoy it! – every second spent practicing makes you a better player.**
- **Listen carefully to what a teacher has to say and never talk when they are speaking.**
- **Look after instrument and keep it clean and protected.**
- **Practice slowly at first – only speed up when you're 'note perfect'**
- **Listen to lots of music – classical, pop, jazz, folk etc.**
